V.S.ABHISHEK

+91 9392747366 — 2200031363cseh@gmail.com — LinkedIn — Github — Portfolio

OBJECTIVE

Aspiring Software Engineer with expertise in full-stack development, cloud computing, and software design. Proficient in Java, Python, SQL, Apex and JavaScript, with experience in scalable applications, AI-driven projects, and secure coding. Completed multiple internships, gaining skills in agile methodologies, CI/CD, and problem-solving. Passionate about innovation and continuous learning.

SKILLS

- **Languages:** C, Java, JavaScript, HTML, CSS, Linux, flask, apex, python
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Developer Tools:** Git, GitHub, Eclipse, VS Code, Redhatcodespace, visual studio, LWC components
- **Cloud Technologies:** AWS Cloud
- **Containerization and Deployment Tools:** Spring boot, Apache Spark
- **Soft Skills:** Effective Communication, Teamwork, Problem-Solving, Adaptability, Time Management, Leadership, Critical Thinking

PROJECTS

Real Estate Marketplace - SDP1 (MERN Stack — Front-End Developer)
- Developed an interactive blogging platform using MERN (Supabase, Express.js, React, Node.js, Tailwind).
- Designed a responsive UI with dynamic content updates for an enhanced user experience.
- Implemented state management using Redux for smooth blog interactions.

Online Exam Portal - SDP2 (Django — Front-End Developer)
- Designed and enhanced an interactive website with a user-friendly interface.
- planned an intuitive UI with smooth navigation and filtering features.

Hospital Management System - SDP3 (Spring Boot, MySQL, JavaScript)
- Developed a full-stack platform for managing assignment submissions and grading.
- Implemented secure file uploads, automated grading, and a user-friendly student portal.
- Worked in a team to ensure seamless front-end and back-end integration.

RFP Analyzer – Hackathon Project @ Consultadd(*Python | Flask | Ollama | Machine Learning | Chatbot | Integration*)
-Built a web app using Python and Flask to analyze RFP documents with NLP pipelines powered by Ollama models. Integrated a chatbot for interactive querying and automated key information extraction to streamline proposal reviews.

EXPERIENCE

Software Development Intern at Skill Vertex
- Assisted in designing, coding, and testing software applications.
- Gained hands-on experience in SDLC and Agile methodologies.

Salesforce intern in Tech Mahindra
- Gained hands-on executed experience in salesforce about development and on testing too

EDUCATION

KL University, Guntur, AP
B.Tech in Computer Science and Engineering (Aug 2022 – May 2026)
Cgpa: 9.09

CERTIFICATIONS

- AWS Certified Cloud Practitioner (CLF-C01 2024)
- Red Hat Certified Enterprise Application Developer (07/2024)
- Certified Ethical Hacker (CEH) (02/2025)
